

Apposite Capital Wins its Second Investor of the Year Award for 2021

London, UK – 23rd November, 2021. Last week Apposite Capital, the private equity firm specialising in investing in SME businesses in healthcare, won Investor of the Year in the annual LaingBuisson Health and Social Care Awards ceremony, held on 18th November at the Park Plaza Westminster Bridge Hotel, London. The Awards recognise and celebrate industry excellence and innovative services in the UK public, private and third sectors. This follows earlier success at the Health Investor Awards in September where Apposite won the Private Equity Investor of the year title for a 5th time in the last 7 years.

Created in 2006, Apposite has been consistently successful in growing high quality healthcare businesses into leaders in their markets. During 2021, Apposite has reviewed over 600 deal opportunities and has made 6 new investments, as well as achieving a highly successful exit of its homecare platform MC Care.

Apposite's latest investments include:

- HCML, a leading service provider in rehabilitation and case management in the UK
- CrestOptics, a world leader in the development and manufacture of advanced systems for fluorescence microscopy serving the life sciences research sector
- i2a, a leading provider of instruments, software and reagents for identifying and managing drug resistant bacteria
- Habitus, a leading provider of specialist residential care in Denmark
- 1Med, a rapidly growing European CRO focused on the medical device industry
- Emblation, a rapidly growing provider of energy based medical devices for the dermatology and medical markets

Sam Gray, Managing Partner of Apposite Capital, commented: “This recognises the hard work and commitment of the entire Apposite team and our colleagues in our portfolio companies over the last 12 months. This year Apposite have executed a record number of new investments and exits and continued to grow and develop our team and capabilities. I was particularly pleased that the judges remarked upon our proprietary approach to assessing health impact and ESG in due diligence, as ultimately we believe that a focus on health impact, quality, and patient outcomes underpins the success of all of our companies.”

About Apposite Capital

www.appositecapital.com

Apposite Capital is an independent investment firm focused exclusively on healthcare in Europe. It focuses on companies operating in health and social care, medtech & medical products, pharmaceuticals & life science and digital health.

The firm operates at the lower end of the private equity market, providing both capital and expertise to those businesses offering ‘disruptive’ models that aim to improve or reduce the cost of care provision and which have the potential to become market leaders.

Apposite has an in-depth sector knowledge covering key aspects of the healthcare industry internationally coupled with local insights, an exceptional network and an entrepreneurial mindset which it applies to drive the growth of its portfolio companies.

Apposite was established in 2006 and is headquartered in London, UK.
